OUR CAUSE

The Caderao family and Kepler's Golf Repair are honored to host a very special golf tournament celebrating the life of our beloved friend, Jeff Caderao. The Jeff Caderao Memorial Golf Tournament we will be able to raise funds to advance much needed research in pancreatic cancer – for the 62,210 people who will receive a new diagnosis this year and the friends and family who love them.

Funds raised from the tournament will be donated to Gateway for Cancer Research, a non-profit organization which focuses on funding innovative Phase I and Phase II cancer clinical trials. Having worked to advance cancer treatments and cures for the last 30 years, we are thrilled to be able to support clinical trials that specifically address pancreatic cancer in honor and remembrance of our dear friend, Jeff. **99 cents of every dollar raised through our tournament will directly fund these vital trials** bringing us one step closer to ending the disease.

“THERE’S NOTHING BETTER THAN HOPE”

At Gateway for Cancer Research, it is always and only about the patients they serve. Founded in 1991, Gateway is one of the only nonprofits solely dedicated to funding Phase I and II clinical trials for cancers of all types, urgently bringing breakthroughs to the bedside for courageous patients and their families.

Gateway invests in research that has the potential to forever change the face of cancer care through advancements in treatments and therapies that make a meaningful difference in the lives of patients. Thanks to the generosity of valued donors, they have achieved many significant breakthroughs in the quest to shape a world in which a cancer diagnosis is no longer feared.

All proceeds from the Jeff Caderao Memorial Golf Tournament will be designated to pancreatic cancer clinical trials in his honor.
