

**GATEWAY**  
CONCIERGE

Introducing a reimagined cancer philanthropy experience.

Gateway Concierge was created to align high-impact donors wanting to make a difference in the fight against cancer with world-renowned clinician-scientists who can deliver results.

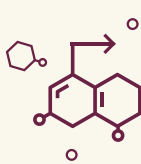

We do it by tailoring a bespoke cancer research program that speaks directly to your intentions and goals as a philanthropist and that has the potential to change the course of this deadly disease once and for all.

Gateway Concierge is:

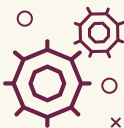

### An Innovative Network

We work with you to identify an area of cancer research that you care deeply about, develop a research program that reflects your intentions and expectations, and identify leading researchers who can execute on your philanthropic vision.

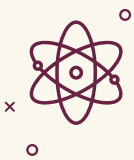

### Stewardship at Every Turn

The Concierge donor journey is second to none in the world of cancer philanthropy; white-glove stewardship puts you at the center of a unique and gratifying donor experience.

### Undeniably Efficient

Thanks to generous underwriting, 99 cents of every dollar you give goes directly to fund your research program.

### Impact-Driven

As a Concierge donor you always have a clear line of sight to the impact of the research you are funding, including regular briefings from your research team, interaction with patients directly benefiting from your generosity, and rigorous reporting on research outcomes that make clear the return on your philanthropic investment.

**GATEWAY**  
FOR CANCER RESEARCH

**30 YEARS**

of innovative discoveries

**\$95M+**

invested in cancer research

**190+ TRIALS**

funded worldwide
