Why: If we want to change tomorrow, we have to act today! Cancer won't wait.

Over 5,250 people are diagnosed with cancer in the United States every day which is why Gateway for Cancer Research invests in the next generation of scientific breakthroughs in patient-centric cancer research.

Gateway's vision is to shape a world in which a cancer diagnosis is no longer feared. Our mission is to fund meaningful and breakthrough clinical trials worldwide that help people living with cancer to feel better, live longer and conquer cancer TODAY!

Gateway is unique:

- We've funded over 195 innovative cancer clinical trials.
- It's important to us that patients have a voice.
- Helping cancer patients feel better and live longer is a top priority.
- Funding and trial selection is both targeted and precise.
- 99 cents of every dollar we receive goes directly toward under-funded Phase I and Phase II cancer clinical trials. **Early phase trials have been shown to have the greatest patient impact in conquering cancer.**
