WHEN: Monday, August 26, 2024

11:00 am Shotgun Start

WHERE: Green Valley Country Club

35 Country Club Drive, Fairfield, CA 94534

OUR CAUSE

The Caderao family and Kepler's Golf Repair are honored to host a very special golf tournament celebrating the life of our beloved friend, Jeff Caderao. The Jeff Caderao Memorial Golf Tournament we will be able to raise funds to advance much needed research in pancreatic cancer – for the 64,050 people who will receive a new diagnosis this year and the friends and family who love them.

Funds raised from the tournament will be donated to Gateway for Cancer Research, a non-profit organization which focuses on funding innovative Phase I and Phase II cancer clinical trials. Since 1991, Gateway has worked to advance cancer treatments and cures and we are thrilled to be able to support clinical trials that specifically address pancreatic cancer in honor and remembrance of our dear friend, Jeff. **100 percent of every dollar donated to Gateway directly funds cancer clinical trials** bringing us one step closer to ending the disease.

Gateway Cancer Research
c/o Jeff Caderao Memorial Golf Tournament
20 N. Martingale Road, Suite 180, Schaumburg, IL 60173

“THERE’S NOTHING BETTER THAN HOPE”

For more than 30 years, Gateway has exclusively funded early phase clinical cancer trials around the world.

Investing \$114 million to fund over 234 trials, providing HOPE to more than 30,000 cancer patients and families! These trials have altered the standard of care at some of the most trusted health care institutions and given way to new federally approved cancer treatments and therapies giving cancer patients more time and improved quality of life.

Gateway funds research that has the potential to forever change the face of cancer care and make a meaningful difference in the lives of patients.

All proceeds from the Jeff Caderao Memorial Golf Tournament will be designated to pancreatic cancer clinical trials in his honor.

Visit **GatewayCR.org** for more information on Gateway for Cancer Research
