ABOUT GATEWAY

It is ALWAYS and ONLY about the patient. For more than 33 years, Gateway has exclusively funded early phase clinical cancer trials around the world. Investing more than \$114 million to fund over 234 trials. These studies have delivered HOPE and healing to more than 30,000 cancer patients and their families, altered the standard of care at some of the world's most trusted health care institutions and given way to new federally approved cancer treatments and therapies.

At Gateway, we find, fund and further groundbreaking early phase clinical trials for all types of cancer. Trials designed to give cancer patients more time, improved quality of life and the healing power of **HOPE!**
